4T- 20W40 ENGINE OIL

- Quality meet to API - SM specification.
 - Made from highly base oil
 - Provide excellent performance at heavy loads.
 - Heavy duty engine oil additive package provides reduced wear, longer life and engine cleanliness.
- Pack Sizes in Liter : 210, 50, 20, 10, 5, 1, 1.2, 900ML.

4T- 10W30 ENGINE OIL

- Quality meet to API - SM specification.
 - Extra Premium Quality 4 & 2-Stroke Engine Oil.
 - Provide excellent performance at heavy loads.
 - Heavy duty engine oil additive package provides reduced wear, longer life and engine cleanliness.
- Pack Sizes in Liter : 210, 50, 20, 10, 5, 1, 1.2, 900ML, 800ML.

FRONT FORK OIL

- Speedex Front Fork oil is specially developed for use in hydraulic front forks of motorcycles.
 - Providing smooth and comfortably ride with high aniline point having good oil seal compatibility, stability.
 - Provides excellent damping.
- Pack Sizes : 175ml, 350ml, 1 Ltr, 5 Ltr.

SPEEDEX GREASE

- A premium quality all purpose grease, suitable for plain and roller bearings, joints, chassis application, steering parts of automobiles and all types & industrial machinery. Outstanding rust & corrosion protection to metal parts. Strong resistance to water washout Adequate wear protection of parts.
- Pack Sizes (in Kg's) : 180, 10, 1, 500gms, 200gms, 100gms.

PLATINUM 15W40 (CI-4)

- Quality meet to API - CI4, MB288.3, Mack EO-M Plus, Volvo VDS-3, START MAN 3275, ACEA E7-04 specification.
 - Provides wear control in excessive soot loading condition.
 - Extends drain interval period.
 - Provides high engine cleanliness.
- Pack Sizes in Liter : 210, 50, 20, 10, 7.5, 5, 1

PLATINUM 15W40 (CF-4)

- Quality meet to API - CF4, MB288.3, Mack EO-M Plus, Volvo VDS-3, START MAN 3275, ACEA E7-04 specification.
 - Provides wear control in excessive soot loading condition.
 - Extends drain interval period.
 - Provides high engine cleanliness.
- Pack Sizes in Liter : 210, 50, 20, 10, 7.5, 5, 1

HYDRAULIC OIL AW-68

- For Hydraulic Systems, Cranes and Forklifts
 - Manufactured to meet IS Spec. 10522 - 1993 requirements.
 - Made from high grade, imported virgin base oils.
 - Excellent anti-wear anti-rust, anti-oxidation and antifoaming properties.
- Pack Sizes in Liter : 210, 50, 20, 10, 7.5, 5, 3.5, 3, 1, 500ML.

SUPER COOL COOLANT

- Keep the radiator from freezing in extreme cold & overheating in extreme heat.
 - Prevents coolant system from freezing during the extreme temperatures of winter.
 - Raises boiling temperature of coolant.
 - Helps to reduce engine rust & corrosion in the coolant system.
- Pack Sizes in Liter : 210, 50, 20, 10, 7.5, 5, 3.5, 3, 1, 500ML.

MULTIGRADE 20W40 (SM)

- Quality meet to API - SM specification.
 - Extra premium quality multi grade petrol / diesel engine.
 - Formulated to provide consistent performance in all seasons .
 - Excellent wear protection provides longer life.
- Pack Sizes in Liter : 210, 50, 20, 10, 7.5, 5, 3.5, 3, 1, 500ML.

PREMIUM 20W50 (SM)

- Quality meet to API - SM specification.
 - Suitable for old technology engines running on petrol, alternate fuels and for motorcycles.
 - Very efficient anti-deposit and anti-black sludge power which maintains a clean engine.
- Pack Sizes in Liter : 210, 50, 20, 10, 7.5, 5, 3.5, 3, 1, 0.5.

CNG / LPG OIL - 20W50

- Quality meet to API - SG/CD specification.
 - Made from highly refined base oil and additive to offer extra high performance.
 - Reduced fuel consumption, carbon and smoke.
 - Increase Pickup and milage up to 40%.
- Pack Sizes in Liter : 210, 50, 20, 10, 7.5, 5, 3, 1, 900ML, 500ML.

BULLET 15W50

- Quality meet to API - SM specification.
 - Suitable for old technology engines running on petrol, alternate fuels and for motorcycles.
 - Very efficient anti-deposit and anti-black sludge power which maintains a clean engine.
- Pack Sizes in Liter : 210, 50, 20, 10, 7.5, 5, 3, 2.5, 1

GEAR OIL EP90/80W90

- Quality meet to API-GL4 specification.
 - Superior protection to gear under heavy loads.
 - Good seal compatibility.
 - Superior protection against rust and corrosion.
 - Very good thermal resistance and stability.
- Pack Sizes in Liter : 210, 50, 20, 10, 7.5, 5, 3.5, 3, 1, 500ML.

GEAR OIL EP140/85W140

- Quality meet to API-GL-5 Specification.
 - Superior protection to gear under heavy loads.
 - Good seal compatibility.
 - Superior protection against rust and corrosion.
 - Very good thermal resistance and stability.
- Pack Sizes in Liter : 210, 50, 20, 10, 7.5, 5, 3.5, 3, 1, 500ML.

SAE 5W30 (API-SN/SF)

- 5W30 is a high quality engine oil specifically designed for modern cars running on Petrol/Diesel/LPG/CNG.
 - Improved protection against Sludge.
 - Unmatched reduction in piston deposits.
 - High fuel efficiency & Longer engine life.
- Pack Sizes in Liter : 210, 50, 20, 10, 7.5, 5, 3.5, 3, 1.

SAE 5W40 (API SN/CF)

- 5W40 is a high quality engine oil specifically designed for modern cars running on Petrol/Diesel/LPG/CNG.
 - Exceptional engine cleanliness.
 - Exceptional engine protection
 - High fuel efficiency & Longer engine life.
- Pack Sizes in Liter : 210, 50, 20, 10, 7.5, 5, 3.5, 3, 1.
